LOK SABHA**

UNSTARRED QUESTION NO:459
ANSWERED ON:03.02.2017
Pradhan Mantri Suraksha Yojana
Singh Shri Sunil Kumar

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

- (a) the date of launch of Pradhan Mantri Swasthya Suraksha Yojana and the details of targets and aim of the said scheme;
- (b) whether this scheme has been closed and if so, the date when this scheme has been re-started;
- (c) whether the Pradhan Mantri Swasthya Suraksha Yojana has been extended and if so, the details thereof;
- (d) the State-wise details of works which are carried out under Pradhan Mantri Swasthya Suraksha Yojana; and
- (e) the detail of works done under PMSSY so far in the State of Jharkhand and the detail of proposed plan in future?

Answer

ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI FAGGAN SINGH KULASTE)

(a) to (d) In his Independence Day speech on 15th August, 2003 the then Hon'ble Prime Minister had announced the setting up of six AIIMS type hospitals under Pradhan Mantri Swasthya Suraksha Yojana (PMSSY). The scheme was approved in March 2006.

The primary objective of PMSSY is to correct the region imbalances in availability of affordable/reliable tertiary level healthcare in the country in general, and, to augment facilities for quality medical education in under-served or backward States, in particular.

In addition to setting up of AIIMS, PMSSY also envisaged up-gradation of several existing Government Medical Colleges/Institutions in different states in the country.

Apart from declaration of six AIIMS in 2003, the PMSSY scheme has been enlarged to encompass setting up of many other AIIMS at different states and also upgradation of existing Government Medical Colleges/Institutions (GMCIs) in different states. At present, setting up of 19 AIIMS and upgradation of existing 71 GMCIs has been undertaken under PMSSY.

Under PMSSY scheme various activities have been undertaken since its inception without any discontinuation of the process. The State-wise details of works undertaken under PMSSY is given at Annexur.

(e): As far as State of Jharkhand is concerned, Rajendra Institute of Medical Sciences (RIMS), Ranchi has been taken up for upgradation under Phase-I of PMSSY at a total cost of Rs. 120 crore (Central Share – Rs.100 crore & State Share – Rs.20 crore). Under the upgradation programme 172 bedded Super Speciality Block and 68 bedded Oncology Block was constructed at RIMS, Ranchi. The civil construction work was completed in June, 2013. An amount of Rs.95.36 crore has been released for upgradation of the institute so far.

In the third phase of PMSSY, Patliputra Medical College & Hospital, Dhanbad has been taken up for upgradation under Phase-III of PMSSY at a total cost of Rs. 150 crore (Central Share – Rs.120 crore & State Share – Rs.30 crore). The civil construction work has already been started and 17% of civil construction work has been completed. An amount of Rs.17.07 crore has been released for upgradation of the institute so far.

Apart from the above upgradation of GMCIs in Phase – I & III, a decision has been taken to setup a AIIMS at Deoghar in Jharkhand.
